PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A rectangular bombing and strafing range covering approximately 1,600 acres is located 20 kilometers (km) southwest of Staro-Shcherbinovskaya (Figure 1). It is probably associated with the airfield 23 km northwest at Yeysk.

The range contains a support area and the following training facilities: a strafing target/silhouette range with 22 aircraft silhouettes and 9 rectangular targets; 4 emplacements or per-

sonnel shelters; one emplacement, and a possible moving target. In addition, there is an area of unidentified activity consisting of 2 rectangular ground patterns and a building at the southeast corner of the strafing range (Figures 2 and 3).

betw [REDACTED] area
No change was noted during this time.

DESCRIPTION OF INSTALLATION

Road Service

Dirt and gravel roads connect to the main highways.

Aircraft Landing Strips

An airfield is located 23 km northwest at Yeysk.

Administrative and Troop Housing Area

Area D contains 2 multistory administration buildings/barracks and 10 support buildings.

Special Training Facilities

Area S1 contains 22 aircraft silhouettes and 9 rectangular targets for bombing and strafing.

Area S2 contains 4 emplacements or personnel shelters.

Area S3 contains a single emplacement.

Area S4 contains a possible moving target.

Unidentified Facilities or Tracking Activity

Area T contains unidentified rectangular ground patterns and a building.
